Dear Sir/Madame,

As an Associate Member of the Planning Board, I would like to be considered for filling the vacancy of Planning Board appointed Delegate to the Central Massachusetts Regional Planning Committee.

I have a professional background in Accounting and Internal Audit and possess a broad range of business skills that require analytical and critical thinking, communication skills, and ethics. In addition, I have spent many years volunteering in the community and have been an active member on various committees at work. With this background and knowledge I believe I would serve as an excellent member of the Committee.

Please contact me by phone or email if additional information is required.

Sincerely,

Cathy Cody
